## Introduction

Australia's massage industry is very competitive in recent years with the healing powers of massage therapy a significant benefit for mental relaxation and alleviating physical symptoms of discomfort and pain prevalent in our modern lives. The excellence of this industry stems from the variations in massage styles, treatment options and skill that therapists gain through training and experience.

National qualifications and skill sets in the massage sector ensures skills and knowledge is formally recognised at a national level.

They do this by undertaking what is called recognition of prior learning (RPL) – a process that involves producing evidence of the skills and knowledge they already have, so that registered training organisations (RTOs) offering national qualifications can determine where they are equivalent to what is being taught.

Credit Transfer (CT) is also offered for units of competency that have been successfully completed at any RTO.

The aim of this guide is to help experienced massage therapists put together the evidence they need to apply for RPL and CT to be awarded a Statement of Attainment for the units outlined below in:

• HLT42015 Certificate IV in Massage Therapy

These units of competency from CUA Live Performance Training Package, HLT Health Training Package and SIS Sport, Fitness and Recreation Training Package meet industry requirements for providing massage therapy training to individuals in a clinical environment.

Candidates may be awarded RPL/CT for individual units of competency, complete modules or full qualifications. Candidates must be aware that some modules are delivered holistically, and as such, RPL of partial modules may not always be possible.

## **Modules and Units of Competency**

The following tables show a list of the units of competency as they are delivered in modules in each qualification.

## **HLT42015 Certificate IV in Massage Therapy**

These units provide credit towards HLT42015 Certificate IV in Massage Therapy and other qualifications that allow for selection of these units.

## How to Submit an RPL/CT Application

#### **Course Credit Procedure**

- 1. Complete the RPL/CT Application Form in
- 2. Appendix 5 RPL and CT Application Form.
- 3. Collate your evidence to support your application, using this guide to assist you.
- 4. Submit the Application Form and evidence <u>via email</u>. All evidence must be scanned as per scanning requirements below.
- 5. The initial application fee will be processed upon receiving your application as per your payment details on the application form.
- 6. Your application will then be assessed based on the evidence submitted. If the evidence submitted in the application is not deemed adequate in terms of authenticity, validity, reliability, currency or sufficiency, the assessor may request further evidence. Further training may also be required.
- 7. The student will be advised of the outcome of the application via email.
- 8. The outcome will include a summary of relevant fees payable based on the number of modules/UOCs successfully exempted and the requirements for further assessment. These fees must be paid before the RPL assessment can be proceed further.
- 9. The student must sign their outcome agreement.
- 10. The student record will be updated according to the outcome of the application.
- 11. If the student does not agree with the outcome of the application, the student has the right to appeal using ALG's appeals process.

## **Document and Scanning Requirements**

Please attach scanned copies of academic transcripts, course outlines, diplomas, degrees or other certifications. All documents must be in English. Translated documents must be from an authorised translation service.

## Requirements of scanned documents:

- Documents must be scanned from the original documents. Scans from a photocopy or a faxed copy are not acceptable
- Documents must be scanned in colour
- Applicants must ensure no portion of the document is missing (look out for page numbers)
- Documents must be scanned at the original size. If the document is larger than A4 then the document should be scanned in A4 sized portions without size reduction
- If the document has markings or text on both sides e.g. a registration number then both sides must be scanned
- File size of any single document should not exceed 3MB
- ALG reserves the right to view original versions, conduct authenticity checks, of any scanned documents which accompany your application at any stage of the process.

## **Tips for Application**

- <u>Details must be provided</u>, not just certificates or transcripts. Unless you provide certificates from another
  registered training organisation, certificates do not contain the detail needed to assess your training.
   Please provide detailed content of the studies you have undertaken and your experience.
- Details need to include hours of study for each unit and date/year studied
- Current competency this requires that your skills have been used in the last 2-3 years. If you have studied more than 4+ years ago, you must provide evidence of current competency i.e. you have been working in that field and your skills are still current.

- Allow a minimum of 10 working days needed to review documents
- Review the competency list provided and outline where your training covers these areas.

## **Fees**

A non-refundable administration fee of \$85 per course will apply when you lodge your application.

The RPL fee payable will be determined by the assessment requirements, training requirements and the number of modules or units exempted.

The purpose of RPL is to reduce the time and/or cost associated with training. Your RPL fee will never exceed the cost of the course.

RPL fees must be agreed upon and paid prior to the finalisation of the RPL process.

## **Evidence**

In applying for RPL/CT, you will be assessed against the requirements of the units listed in the relevant qualification as outlined previously. <u>Appendix 1 – Sample Unit of Competency - SISXCCS003 Address client needs</u> contains a copy of one of these units. You may wish to access <u>www.training.gov.au</u> and search for every unit in the qualification to assist you with your submission. Alternatively, use the table below as a basis for collecting evidence, your RPL assessor will also guide you in this regard.

After submitting your application, the RTO may require a meeting with you to discuss your experience and to advise on the most appropriate evidence for you to present in light of your experience and particular circumstances. This will be summarised in the RPL/CT agreement mentioned in the above diagram.

Generally speaking, most requirements can be covered through two types of evidence.

- 1. Authenticated documentation.
- 2. Videos of you teaching classes. If the RTO happens to be nearby, you may be able to arrange for the assessor to observe you teaching classes. This would eliminate the need for video recordings.

This evidence will be supplemented by:

- information about your experience as a dancer and dance teacher supplied on the RPL application form you submit to the RTO (e.g. a copy of your resume)
- how you respond to questions the assessor asks during interviews

Approach the RPL process as you would a job interview. In that situation you submit documentation, such as:

- your application, which addresses selection criteria
- your resume
- · copies of your qualifications including transcripts
- examples of work you have done
- references from current and previous employers

The information you provide at the application stage may be enough to grant RPL. For example, if you have previously studied the same unit of competency. A student who holds a valid first aid certificate would not be required to undergo an interview and there would be no need to provide further evidence in this case.

Your RPL assessor may request an interview by phone or in person if required. This will involve answering questions about aspects of the job. This is your opportunity to expand on what you submitted in written form. The interviewer may also discuss other types of evidence that must be submitted to satisfy RPL assessment.

## **Key Principles of Evidence**

The standards under which RTOs operate are very specific about the types of evidence that must be submitted to support your assessment. Evidence must satisfy ALL of the following points:

#### Evidence must be:

valid	directly related to the unit of competency
sufficient	• covers everything in the unit of competency
	• shows competency over a period of time
	• shows competency in different contexts
current	• relates to experience in the past two to three years
authentic	• can be clearly identified as evidence of your own competence.

Remember: your assessor must be satisfied that your evidence satisfies each of the key principles of evidence. If it does not, your assessor will ask for further evidence or will be unable to grant the RPL.

A range of documentation developed by the candidate may be used to show evidence of requirements. It is important to remember that to satisfy the rules of evidence, more than one piece of evidence may be required to demonstrate competency.

Below is a list of the types of evidence that can be used, but this is by no means exhaustive:

- Third-party verification that documentation was developed by the candidate
- Response to questions during an assessor interview (phone, skype or in person)
- References (written or verbal) from current and/or previous employers
- Resources developed by the candidate and verified by a third party
- Observation of the candidate undergoing practical tasks (video or direct)
- Verification by third party that the candidate has undergone practical tasks or displayed relevant knowledge
- Documented self, peer or employer evaluations of candidate's performance
- Evaluation sheets completed by clients or third parties
- A Statement of Attainment for a unit that has been obtained through having completed an accredited course in the past two or three years
- Outlines, reports, documentation, programs or sessions that have been completed by the candidate.

<u>Appendix 3 – RPL Evidence Samples - Certificate IV in Massage Therapy</u> Appendix 3 – RPL Evidence Samples - Certificate IV in has been developed to provide guidance on the types of evidence that may satisfy your RPL request. Any evidence must be assessed against the performance criteria, performance evidence, knowledge evidence and assessment conditions of the unit.

## **Assessor interview**

An interview may be conducted in person or by phone if required. In an interview, your assessor will be checking that you have the underpinning knowledge required by the units of competency. The good news is that many of the knowledge requirements are repeated across units.

Prior to meeting with your assessor, read through the required knowledge section of each unit of competency, as well as the elements and performance criteria and associated range statement. This will give you a clear picture of the underpinning knowledge required. Since your assessor will already have your documentary and video evidence, you may find questions that relate to those sections as well.

<u>Appendix 4 – Sample Interview Questions - Certificate IV in Massage Therapy</u> shows sample questions that you can expect in the interview.

### The RPL agreement

Once you have submitted your application and your first round of evidence, your assessor will provide you with a simple agreement that states:

- the supplementary evidence candidates must provide
- the timeframe for submitting evidence
- arrangements for the assessor interview (if needed) and other activities, such as video submission
- contact details for people who can authenticate documentary evidence that candidates provide
- cost to the candidate.

#### **The Assessment Decision**

Your assessor will make an assessment decision based on the evidence that you have provided. That decision may be:

- 1. Full RPL for the entire qualification (Statement of attainment issued)
- 2. Partial RPL for modules or units of competency within a qualification (Statement of attainment issued)
- 3. Request further information
- 4. Request further training
- 5. Require challenge tests to be completed

## Right to Appeal

As with all assessment decisions, students have the right to appeal the assessment decision. The process for appeal is documented in the Student Handbook.

## Reasonable adjustment

Reasonable adjustment in VET is the term applied to modifying the learning environment or making changes to the training delivered to assist a learner with a special need. A reasonable adjustment can be as simple as changing a written exam question to a question that is asked orally, or providing additional time for completion.

Reasonable adjustment must NOT affect the rigour or intent of the requirements of a unit of competency. For instance, if a unit requires students to complete a form, it would not be 'reasonable' to have them respond orally. Your RPL assessor will reasonably adjust any assessment where possible if you inform them of a special need to do so.

## **Outcome of Application**

This process to identify whether there will be any credit given to the selected course/s will be completed within 10 working days.

If credit is given, a course credit document will be issued stating the components within the course that the student is exempt from completing.

If no credit is given, the candidate will be provided with information as to why the application was unsuccessful and advise the next steps to gaining the qualification.

## **Application**

This unit describes the performance outcomes, skills and knowledge required to manage ongoing and sometimes complex relationships with clients. It requires the ability to match client services to client needs and to be familiar with service provision options that can be negotiated with the client and customised to meet their needs.

This unit applies to individuals who work in a client service delivery role such as program developers and coordinators, competition organisers, trip leaders, after-school or holiday-care coordinators, logistics coordinators and sports trainers in work environments such as community recreation centres, aquatics centres and camps.

These individuals undertake work according to relevant legislation and organisational policies and procedures.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.

## **Pre-requisite Unit**

## **Recognition of Prior Learning and Course credit**

Students may also gain course credit through recognition of prior learning or former structured learning, such as a previous qualification with a recognized massage organization or registered training organization.

To help with the course credit process, students are required to identify the modules and Units of Competency (UOCs) that they are applying for course credit. Below is a list of the units of competency that are covered in the courses that the School of Massage offers.

To complete the form below, students are required to tick the specific UOC they are applying for course credit and state the equivalent competencies or subject that they have studied. Students will need to provide evidence with this course credit application.

As the UOCs are clustered into modules, students must show evidence to support the entire group of UOCs in the module or the module must be undertaken.

Please note, the School of Massage reserves the right to determine whether the knowledge within a competency has been fully achieved and whether course credit and/or RPL will be given.
